

16400 Sir William Dr. Spring, TX 77379 281-370-5801

Dear Members, Parents and Students,

Houston has seen an alarming spike in COVID-19 hospitalizations recently. We had our first member tested positive last week. He is a father of two of our Academy students. His children fortunately tested negative.

We have not had any other member, staff member or student test positive yet.

We are making the following adjustments:

Masks and Taking Temperature

Every member, student, parent or anyone entering the club will need to wear a mask per Judge Hidalgo's orders. We will also take everyone's temperature when entering our club. We will send home anyone with a temperature above 99 degrees. Please make sure you bring your mask when you enter our club or you will not be allowed to enter.

We are also concerned about the 9:00 AM and 11:00 AM rush when we have Academy Camp, 12's Camp and our members all going by the Welcome Desk within a 10 minute time frame. We are going to make the following adjustments to alleviate the high traffic times.

Academy Camp Adjustments

We will continue to suspend all match play for Academy Camps. It is too difficult to keep so many students apart during the lunch break at 11:00.

We will also create additional water stations for students to fill their water jugs away from the Welcome Desk. GRC staff will fill each of the student's water jugs.

We will stagger the breaks between fitness and HP drills so we do not have all students taking their break at the same time.

We will close out the back room. Students will need to bring their bags and belongings with them to their courts when they do tennis drills. We will have shelves at their fitness stations away from the back room for students to put their bags during fitness.

12&Under Camp Adjustments

We have staggered the 12&Under camp to start at 9:15 away from the 9:00 AM rush.

Member Adjustments

Members are allowed and encouraged to schedule matches before or after the 9:00 AM rush. We previously encouraged either reserving your court at 7:00 AM or 9:00 AM but have released enough courts hopefully that we do not need both shifts to meet member demand.

Gym

We have limited gym spots available and require members to reserve their spot before coming to the club.

We will continue to make adjustments and tweaks. We ask our members, parents and staff to be our eyes in helping us identify high risks issues we may have missed and come up with common sense solutions.

We hope and pray that we all get through this pandemic safely, and can provide some normalcy to your lives. We also hope the sunshine, fitness and play boost your immune system.

You can reach me on my cell at 832-724-8891 or my e-mail at sammy@giammalva.com if you identify any other issues we need to address.

Sincerely,

Sammy Giammalva
